PERFORMANCE REVIEW

Abby delivered a strong quarter as a Server/Bartender, finishing 9th out of 26 with a cumulative score of 83.76 at the A4 level, showing solid consistency compared to peers. You performed especially well in bar-driven metrics, ranking 10th in GPG at \$0.95 (just under the \$1.00 benchmark) and 9th in PPLBW at \$7.70 (near the \$8.00 benchmark), which reflects confident beverage suggestions and good guest engagement. Your overall standing in the top third of the team supports that you're contributing positively to both guest experience and sales, and your steady execution aligns well with Bubba Gump's friendly, welcoming service style.

Next quarter, the biggest opportunity is lifting total check averages and tightening loyalty enrollment. Your PPA was \$49.45 (ranked 17 of 26) versus the \$55.00 benchmark, so focus on pairing recommendations (apps, add-ons, and dessert closes) and using "suggest, describe, and confirm" to raise per-person spend without feeling pushy. For LSC, you were 1 in 163 (ranked 13 of 26) compared to the 1 in 100 benchmark; aim to mention the card early, connect it to a specific guest benefit, and ask for the sign-up before presenting the check. A practical goal next quarter: reach \$52+ PPA, \$1.00 GPG, \$8.00 PPLBW, and 1 in 120 LSC or better.
